Trizzone – Home Page

We partnered with Trizzone to redesign their website's homepage, keeping aesthetics clean and navigation smooth. Our goal was to communicate their identity as a premium architecture and design studio. From concept to execution, the homepage was built to leave a lasting first impression, increase credibility, and drive engagement.

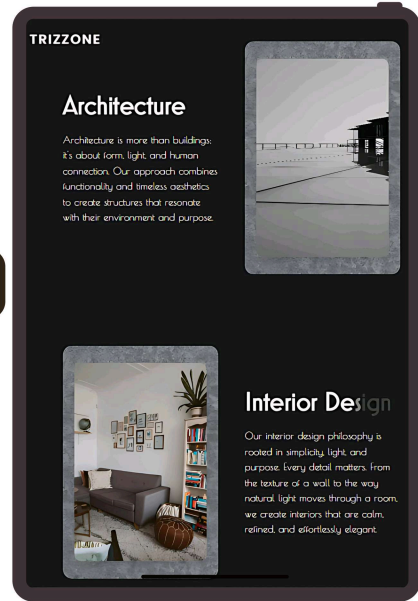

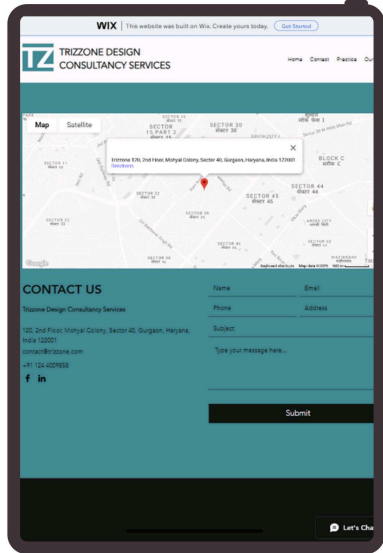

Trizzone – Services Page

BEFORE

AFTER

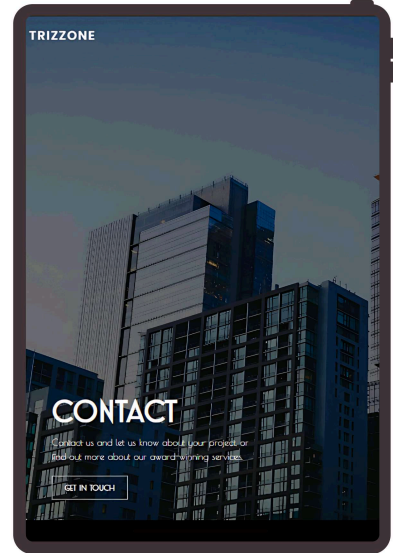

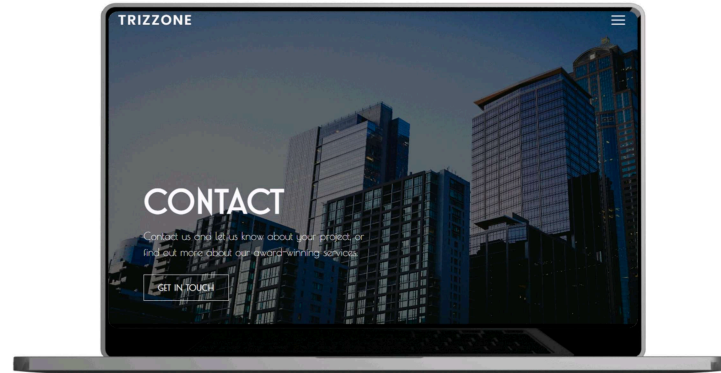

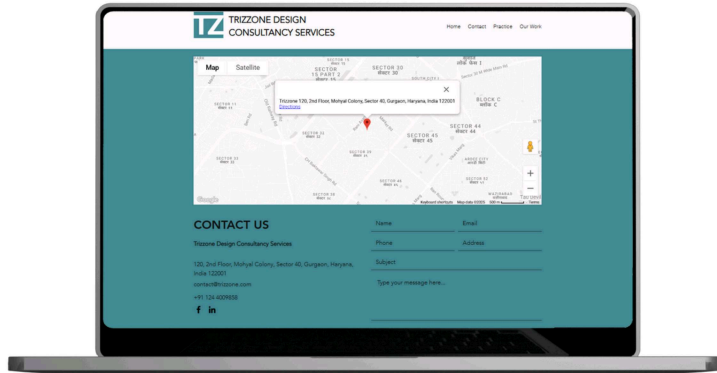

We structured and designed the Services page to clearly highlight Trizzone’s expertise across architecture, interiors, and real estate branding. The content strategy, layout, and flow were all focused on converting visitors into leads by showcasing value and trust.

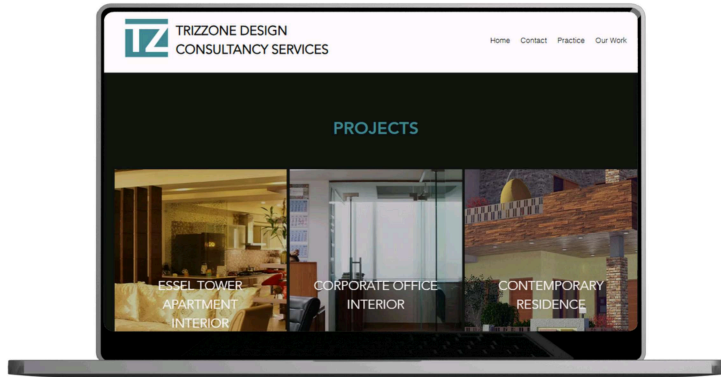

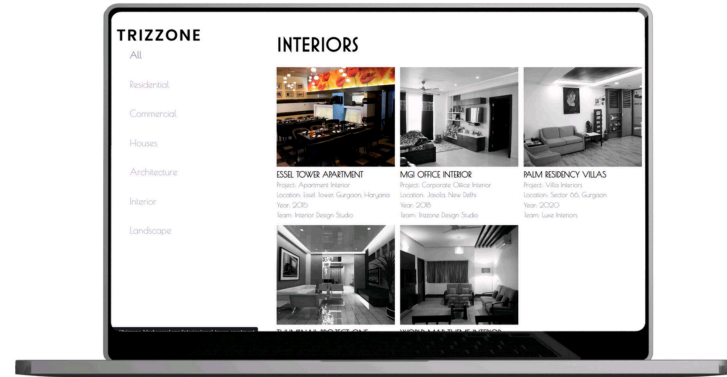

Trizzone – Contact Page

For the Contact page, our focus was simplicity and accessibility. We ensured that visitors could reach out quickly, with a seamless mobile and desktop experience—boosting Trizzone’s client inquiries and appointment bookings.

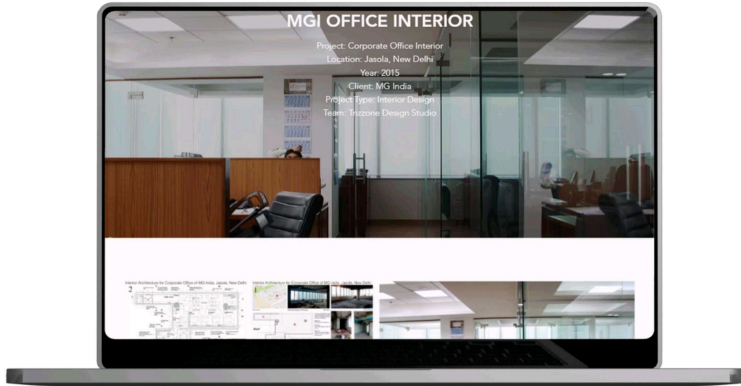

BEFORE**AFTER**

Trizzone – Properties Page

We designed the Properties section as a user-friendly real estate listing page. Every project was showcased with clarity—high-quality visuals, filters, and easy navigation, offering users a smooth discovery experience.

Trizzone – MGI Office Interior Project

For this case study page, we helped Trizzone highlight one of their finest interior projects. Our role included building a visually immersive experience with elegant UI and storytelling elements that celebrated their design capabilities and project delivery.
